"Salaries"

Sponsored by Selective Service System, this PSA is aimed at young males who haven't turned 18 year and are about to graduate from high school. They are showing what different people make in different jobs. It then goes on to tell that if you register, you can never get these jobs.

News To You - #52 "Pothole Problems"

This piece examines the various ways cities and towns pay for the repair of potholes and other road damage from the winter. Municipal bonds and insurance on them are said to be the primary answer. The better insurance that can be gotten, the easier it is to sell bonds with a slightly lower interest, thus saving money. The number of roads in need of repair and the savings to taxpayers are looked at in charts. There is an interview with a New Jersey township mayor and an insurance agent, along with B-roll of roads, potholes, cars driving and graphical animated charts.

Dinosaurs

This PSA tells how dinosaurs have become extinct. It then goes on to tell if you don't want your retirement fund to be extinct you must buy savings bonds now. Sponsored by the US Department of Treasury/Savings Bonds Marketing Office.
